EXPERIENCE

Web Developer Intern | Woxen Digital Pvt.Ltd. (Link)

Feb 2025 –

May 2025

- Designed and developed interactive learning modules on front-end basics, API integration, responsive design, and version control.
- Collaborated with senior developers to build responsive UI components using HTML, CSS, JavaScript, and React.js.
- Integrated REST APIs to fetch and display dynamic data.

PROJECTS

Sales Dashboard | Power BI, SQL, Excel

- Built Power BI dashboard to analyze 10K+ sales records; tracked MoM growth, top products & regional sales.
- Automated monthly reporting using SQL +DAX, cut manual work by 80% and enabled real-time decision making

Gemini Clone | AI Chatbot Web Application

- Technologies: React.js, HTML, CSS, Tailwind CSS, JavaScript, Google Gemini API
- Developed an AI chatbot replicating Google Gemini's interface and functionality.
- Integrated Google Gemini API for real-time AI-generated responses.

Weather App

- Technologies: React.js, HTML, CSS, Tailwind CSS, JavaScript, OpenWeatherMap API real-time weather data using OpenWeatherMap API.
- Displayed temperature, humidity, wind speed, and conditions dynamically.

- Designed responsive UI for both mobile and desktop devices.

CERTIFICATIONS

NPTEL certificate (software conceptual design)
Internship common aptitude test
Certificate of Ai computer vision

ACHIEVEMENTS

- Solved 80+ coding problems on LeetCode, improving DSA skills.
- 3 rating in Problem Solving on HackerRank.
